

WELCOME CARNIVAL BOOSTERS

3 HUGE PARADES AT ST. PAUL CARNIVAL

First will be Held on Opening Day, January 27, Bringing into Line all Uniformed Clubs

Another Monster Review Tuesday Night, January 30---Third on Friday Afternoon, February 3

Three huge parades will feature the coming Outdoor Sports Carnival at St. Paul which opens on January 27 and runs to February 3. The first of these will be held on Saturday afternoon, the opening day of the carnival, and will bring into line all of the uniformed marching clubs organized for the big fete. Last year this day-light parade was participated in by close to 20,000 enthusiasts representing two hundred clubs and this year it is certain that not only the number of club organizations but also the total number of individuals will be nearly doubled. This parade will usher in, officially, the carnival and indications point to the probability that it will be the largest affair of the kind ever held in connection with any carnival in this country.

Another monster review for marching clubs and vehicles will be held on Tuesday night, January 30. This is to be a spectacular torch-light affair and arrangements are now being made for a supply of at least 10,000 flambeaux for use by the participants. Only clubs and individuals carrying torches will be eligible to participate in this parade and Carnival officials are now preparing to make this as great a success as was the day-light parade last year.

The third big parade will be held on the afternoon of Friday, February 3. This will be for decorated autos and suitable prizes will be given for the best decorated floats. This parade last year brought out many original ideas, and designers are already at work upon new and novel productions for this season.

The Outdoor Sports Carnival Association this year is paying particular attention to bands and drum corps for the parades and each one of the big reviews will have its feature musical attractions. All of the big marching clubs have organized or are organizing their own drum corps and bands, while many professional musical organizations will take part. An official carnival march song has been adopted and its very catchy air will be known from coast to coast before the carnival is over.

BRAINERD MARCHING CLUB

Contest for Carnival Queen Soon Under Way. Votes at 5 Cents Each. Vote Early and Often

The contest for the carnival queen of the Brainerd N. P. Marching club will soon be under way. Votes are 5 cents each and any one may vote as early and as often as he wishes. Ballot boxes are to be at the Y. M. C. A., Olympia Candy Kitchen, A. C. Weber and at the shops in the offices of D. K. Fullerton, Edward Crust, H. A. Lyndon and Howard W. Kitchen. The ballot boxes will be taken up every Wednesday, the votes counted and results published.

The king will be elected at the next regular meeting of the marching club.

Door is Closing Not Opportune Time Extend Mediation

Washington, Dec. 16—President Wilson believes the door is closing on the great war and that it will soon be the opportune time for the United States to extend mediation offer and in the meantime is awaiting developments. He will take no steps toward mediation until sure of success, claiming that any action toward peace now by this country would spoil the whole thing.

R. W. BRADFIELD.

Representative of St. Paul Outdoor Sports Carnival Association

Many Brainerd people had their first glimpse of a St. Paul carnival suit when R. W. Bradfield, representative of the St. Paul Outdoor Sports Carnival Association visited the city and met with officers and members of Brainerd's Northern Pacific marching club.

Mr. Bradfield stands six feet tall and was an imposing figure. From Brainerd he went to Bemidji where he reports that a Bemidji Spuds club of 250 has been organized.

At Crookston, which he visited later, he reported that a marching club was being organized and much enthusiasm was being evidenced.

Mr. Bradfield is a former Brainerd boy and he was kept busy grasping the hands of hundreds of acquaintances in the city.

Germany Stands Ready to Talk Disarmament Give Full Statement

Washington, Dec. 16—Germany stands ready to give a full statement of terms to the allies for a peace conference. This statement was made by Ambassador von Bernstorff in an official visit to Secretary Lansing, who also at the same time declared that Germany was willing to discuss disarmament. The visit of von Bernstorff was brief but he was not discouraged that the United States had not made a fuss over the peace terms and claimed it left the way open to act later.

TRYING TO SETTLE RAIL CASE

Attempt Being Made to Adjust Outside of Courts.

Evansville, Ind., Dec. 16.—W. G. Lee of Cleveland, president of the Brotherhood of Railway Trainmen, publicly announced here that negotiations are under way between the leaders of the brotherhoods and those higher up in the operating departments of the railroads looking to a settlement of their entire controversy out of court before Jan. 1, when the Adamson law is scheduled to go into effect.

Mr. Lee made the statement in the course of an address before the Central states conference on water and rail transportation.

Russian Warships Bombard Balchek to Destroy Mills

Petrograd, Dec. 16—An official communication says the successful bombardment of Balchek by Russian warships was made despite the attacks on their ships by the enemy shore batteries, aeroplanes and submarines which failed to interfere with the program. The bombardment was with the view of the destruction of the mills which were supplying the Bulgarians with flour. The vessels were fired at in turn but escaped unharmd.

Villa's Ammunition Supply from U. S Wholesale Arrest

(By United Press)
El Paso, Dec. 16—A wholesale arrest of Americans and Mexicans here and at other points along the border, accused of a breach of the neutrality laws in aiding the revolutionary actions of different Mexican factions, has been planned by the United States secret service agents and many persons are under surveillance pending the action of ratification of the Mexican-American protocol, one clause which provides for the deportation of undesirable aliens.

Directing attention is the fact that since the capture of Chihuahua City the source of Villa's supply has not been located by the government forces, and he received 28,000 cartridges the night before the capture of the city, and it is believed these supplies came from the American side.

Villa is believed to be preparing for another attack. Parties arriving claim Villa is holding Bachiniva, and the machine guns and artillery captured at Santa Rosa Hill are being repaired. A large body of Villistas have been swung around Chihuahua City cutting off communication north of Santa Rosa where they are holding the latter town.

The authorities know of no campaign being made against Villa.

Iowa Soldiers Hurt in Wreck

Paris, Dec. 16—An official statement says that the new French drive has started in the Verdun region.

COUNT TARNOWSKI.

Austrian Ambassador Granted Safe Conduct to United States.

Entente powers have decided to grant safe conduct to Count Tarnowski von Harnow, recently appointed Austro-Hungarian ambassador to the United States.

The British foreign office made this announcement, saying the entente had decided to grant the safe conduct in consideration of the representations made by the American government.

British Not to Return Flat Refusal of Peace Offer

(By United Press)
London, Dec. 16—The British embassy has advised the foreign office not to return a flat refusal of the peace offer and for the sake of the opinion of the neutrals believed all the allies powers should take the same steps.

France's Answer to Germany's Peace is Wrestling Territory

Paris, Dec. 16—The answer of France to Germany's peace proposal is the wresting of more than twelve square miles of territory from the enemy and the capture of more than 7,500 prisoners.

FRENCH GAIN ON WESTERN FRONT

Capture 7,500 Germans Near Verdun Fortress.

BERLIN OFFICE ADMITS LOSS

Teutons and Bulgarians Begin Drive in Dobrudja—British Are Victorious Against Turks in Mesopotamia Germans Active in Wallachia.

London, Dec. 16.—French troops again made an effective thrust in the Verdun region. Striking at the German positions between the Meuse and Woivre rivers, north of Douaumont and north-northeast of the fortress, along a front of about six miles, the French forced back enemy troops for a distance of about two miles.

More than 7,500 prisoners and numerous guns were taken, Paris announces.

In its latest official communication, the German war office admitted "advantages" had been obtained in the region by the attackers.

Offensive in Dobrudja.

Simultaneously with the taking of Buzeu, announced Friday, the Austro-German Danube army and the Bulgarians have begun an offensive in Dobrudja.

The Russians and Roumanians, Berlin states, have evacuated their positions under the pressure exerted by the advance in Great Kallachia.

British troops have taken the offensive near Kut-el-Amara in Mesopotamia, and Turkish positions on the right bank of the Hal river, south of Kut-el-Amara, have been taken, London announces.

Reply Accepting Ultimatum Shows Hope of Greece

(By United Press)
Athens, Dec. 16—The reply of the Greek government in accepting the entente allies and a complete compliance with the ultimatum expresses hope for a resumption of the traditional relations with the allies. The text of the reply is that Greece desires to give another manifest proof of sentiments of friendship to the entente, orders having been given for complying with the allies' demands. Movement of troops and material have begun and will be carried out as rapidly as possible to the ultimate satisfaction.

Long Delayed Irish Question Near an End

(By United Press)
London, Dec. 16—The long delayed Irish question is now visible and an amicable union of the Ulsterites and southern Irishmen is nearer than since the passage of the home rule bill in 1914. Premier Lloyd-George's negotiations following the Dublin revolt failure is steadily but quietly progressing and has reached the stage where definite and favorable settlement may be expected any day.

Led by King C. C. Kyle, general superintendent of the Northern Pacific office building at St. Paul, the Northern Pacific band of 32 pieces and the representatives of the Northern Pacific marching club of St. Paul arrived in Brainerd, occupying two special coaches on the afternoon train.

At the station they were met by J. P. Anderson, superintendent of the Northern Pacific shops; H. L. Jones, chief storekeeper; E. J. Cook, chief clerk; Thomas Willis, foreman of the car shops; Edward Crust, president of the Brainerd N. P. marching club and foreman of the blacksmith shops; D. K. Fullerton, vice president of the club and general foreman of the car shops; Howard W. Kitchen, secretary of the club and foreman of the store department; J. F. Elkins, major and commandant of the marching club and foreman of the boiler shops; J. A. Erickson of the shops and chairman of the board of county commissioners; Dan Lawrence, former shop man and now secretary of the Y. M. C. A.; Tom Wood, drum major of the marching club.

The station was black with people to see the St. Paul carnival boosters. They formed parade formation, four abreast, and near the Y. M. C. A. had their picture taken by Lars Swelland.

Stores decorating with the red and black of the N. P. colors were D. M. Clark & Co., the Dispatch, H. F. Michael Co., and others.

Near the O'Brien Mercantile Co. tore a horse hitched at the curb nearly went through a plate glass window, being unaccustomed to the color and glow of the marchers and the crash of the band music. C. C. Kyle waved his hand and the band played pianissimo and the danger was averted.

The march was continued on to the shops and through the various departments where the marchers were given a continuous ovation.

Prominent Northern Pacific men in the delegation were C. C. Kyle, the King of the marching club; D. C. Pettibone, general agent of mail traffic; W. J. Stephenson, auditor of passenger receipts; H. W. Byerly, of the immigration department; C. A. Nichols, division storekeeper at Como; W. J. Barton, chief clerk to the president; W. E. Bennett, traffic superintendent of the Northern Express Co.

The leader of the band, which played exceptionally well and started off with "The Gang's All Here," is W. E. Chidester.

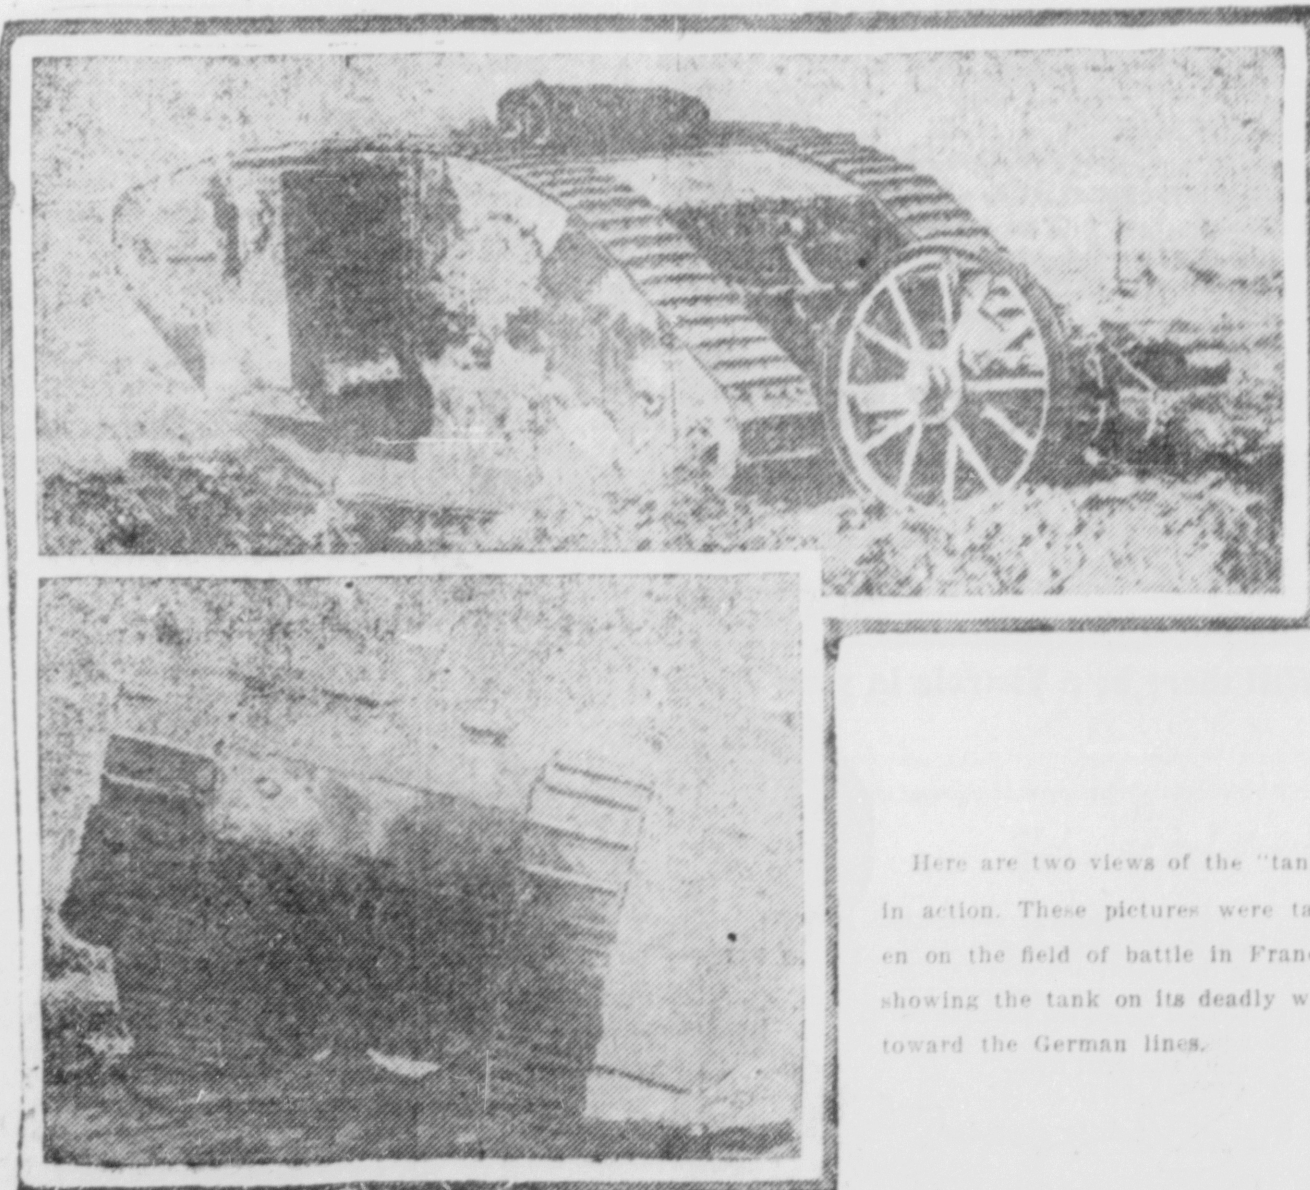

"Fatty" Wood, if we have to say it, loomed up larger than any man in the whole St. Paul delegation.

The Proper Name of the Carnival

The board of directors of St. Paul Outdoor Sports Carnival association will appreciate it highly if the proper terms are used when referring to this carnival. The proper terms are "St. Paul Outdoor Sports Carnival" and "St. Paul Outdoor Sports Carnival Association." Please do not use the terms "Winter Carnival" or "Mid Winter Carnival."

**PLUMP OF TEN CENTS
IN WHEAT MARKET**

Minneapolis, Dec. 16.—The wheat market was in the grip of another peace scare.

Amid wild scenes in the Minneapolis and Chicago pits, prices broke and broke until the loss was a full 10 cents and more a bushel. Speculators were wild, dumping their holdings in a mad rush to "get out from under."

More peace talk was responsible largely for the drop in values.

Before the opening a report was received in both Minneapolis and Chicago speculative circles that Germany's peace proposals include universal disarmament.

Wealthy St. Paul Widow Ends Her Own Life.

St. Paul, Dec. 15.—Mrs. Jennie R. Schadle, wealthy widow of Dr. Jacob E. Schadle, formerly one of the Northwest's leading specialists, once prominent socially, committed suicide at her home, 669 Summit avenue, where of late she had lived as a recluse. Her body, stiff with the cold, was found beside her gas stove in the kitchen. Five jets had been turned on.

Heavily interested in transactions on both the wheat and the stock market, Mrs. Schadle suffered severe losses on the steady drop in wheat prices the past three weeks and probably dropped a large sum in the recent collapse. Notations of movements in the grain market were at her finger tips when she died in the form of typewritten slips from brokers' offices.

CHIROPRACTIC---NEW THOUGHTS

Chiropactic is revolutionizing old methods. It is the result of independent thought. From 5000 years ago today the same old methods are the same old failures—looking outside the body for what is inside the body. Still the operations, still the deaths, and still the chronic disease or cases.

Spinal adjustments should begin with the children—that they may grow straight, healthy and have better offsprings than the present generation of grown-ups. The entire science of Chiropactic is new—so new and so different that some of you readers may not believe can be. Twenty years of clinical experience tell us that Chiropactic is the first exact science pertaining to the human body ever brought out. It has had tremendous opposition, but when you got well when they said you could not, that is what has made the millions of friends for Chiropactors.

I want to show you on your own body how you can get better health. If you don't let me you are cheating yourself. Consultation free. Doctor of Chiropactic and Naturopathy. Office hours—9 to 12: 2 to 5. Evenings and Sundays by appointment.

Girls With Beautiful Faces
or Graceful Figures

American girls have a world-wide reputation for beauty, but, at the same time, there are girls in our cities who possess neither beauty of face nor form, because in these instances they suffer from nervousness, the result of disorders of the womanly organism. At regular intervals they suffer so much that their strength leaves them; they are so prostrated that it takes days for them to recover their strength. Of course, such periodic distress has its bad effect on the nervous system. The withered and drawn faces, the dark circles and crow's feet about the eyes, the straight figure without those curves which lend so much to feminine beauty are the unmistakable signs of womanly disorders.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

If you are a sufferer, if you daughter, mother, sister need help, get Dr. Pierce's Favorite Prescription in liquid or tablet form. Then address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and receive confidential advice from a staff of specialists, that's free; also 136-page book on woman's diseases sent free.

LIFE'S OPPORTUNITY.

The man who sees in life the opportunity to express himself in the largest terms; who after ascertaining what faculties he has, determines to develop them to the highest possible efficiency; who is capable of seeing the sweetness and joy that lie all about him; who, being proud, does not allow his body or mind to be defiled—he is the one who obtains the big rewards.—Oppenheim.

The Soft Answer.

A certain politician seeking office was very much incensed at certain remarks which had been made about him by the leading paper of the town. He burst into the editorial room like a dynamite bomb and exclaimed: "You are telling lies about me in your paper, and you know it!" "You have no cause for complaint," said the editor coolly. "What in the world would you do if we told the truth about you?"—New York Globe.

Heard on the Highway.

We ought to be mighty glad when heaven comes down to see us, but that's the time some folks run away. "Folks miss happiness by sittin' still an' waitin' for it to come an' pay the rent an' cancel the mortgage. But happiness is no free gift, an' it ain't on the bargain counter.—Atlanta Constitution.

Food Values.
It is the sugar in a banana that gives its high food value. Sugar forms about 90 per cent of its bulk.
Fruit is valuable largely because of the acids it contains.
There is little fat in fruit, but apples contain more than any other sort.
The mineral salts in vegetables are of great value.
Milk contains no starch, but it does contain sugar. It is said that half a pound of dates and a glass of milk make a complete meal.
Nuts contain the food elements contained in meat.
Vegetables that grow underground, the tubers, have the highest nutritive value of any vegetables.
Soup of the clear broth order has little food value. Its value lies in the fact that it warms the stomach and therefore helps it to start the digestive process, and that, because of its bulk, it gives a feeling of satisfaction without the necessity of overburdening the stomach with concentrated foods.

IS GIVEN SURPRISE
Schoolmates Visit Miss Alice Regina Johnson and Enjoy Pleasant Evening
Alice Regina Johnson, daughter of Mr. and Mrs. O. B. Johnson, 708 So. Pine Street, was pleasantly surprised by a number of her schoolmates.
The evening was pleasantly spent in games and music after which a dainty luncheon was served.
Those present were: Irene Samuelson, Esther Gile, Cecile Morrison, Norma Hagberg, Myrtle Johnson, Helen Holden, Mayne Britton, Gladys Lagerquist, Laurine Morrison, Frank Grondin, Clayton Hess, Wm. Cooke, Dudley Wright, Arthur Whight, Cecil Miller, Abner Swanson, William Sherlock, Walter Samuelson.
Musical Bruises.
"That's a peculiar looking bruise you have on the back of your neck," observed the doctor.
"Yes," said the patient. "I am subject to those. You see, I'm a clarinet player in an orchestra."
"I don't see how that can produce bruises on the back of your neck."
"It doesn't produce them exactly, but it places me in a position where I am very liable to get them."
"How is that?"
"I sit directly in front of the man who plays the slide trombone."—New York Eagle.

WOMEN'S WOES
Brainerd Women are Finding Relief at Last
It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know.
Mrs. G. W. Hall, 613 Third Ave., Brainerd, says: "I had frequent attacks of backache with dizziness. I felt languid mornings and was caused inconvenience by the kidney secretions. Doan's Kidney Pills removed all these troubles."
GONE FOR GOOD
Over Three Years Later Mrs. Hall said: "I can't say too much in praise of Doan's Kidney Pills. The relief they brought has been permanent."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hall has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

Influenza

"Granny" Chamberlain
"No one who has not had Influenza can realize the suffering it causes or how it defies treatment. I know of nothing that will give such prompt relief as Chamberlain's Cough Remedy, for when it is taken the pain in the chest disappears, the fever subsides and the whole body becomes more comfortable.
Then again, the after effects of Influenza are often even more distressing than the disease itself, but they can be avoided if you use
Chamberlain's Cough Remedy
Though the greatest danger from this disease is Pneumonia, I have never known a single case of Influenza to result in it when Chamberlain's Cough Remedy was freely given. The persistent cough that frequently follows Influenza can be relieved by Chamberlain's Cough Remedy, and should not be allowed to run on until it becomes troublesome."

The Hennepin County Rural News says that the legislature is to take up the abolishment of the office of county superintendents and create a board to handle the work with a view to a closer school union throughout the state. It hardly seems that any sane person would advocate the creation of any additional state boards, there are too many of them already, and the abolishment of half of the state boards and the consolidation of the work they are supposed to do would be much more sensible than doing away with the office of superintendent of county schools, the latter being a real necessity.

When the more calling together of a grand jury to investigate the high price of commodities will have the effect of an immediate drop in prices what would be the effect of a conviction of the parties guilty of conspiracy in some of these cases. New York's coal prices dropped from \$8.50 and \$9.50 to \$7 and \$7.50 under such conditions. Less talk and more results in the prosecution of price boosters would meet with the approval of those who are compelled to pay the exorbitant prices now charged for the actual necessities of life. A dollar does not go far towards supplying the family larder these days.

Congressmen arriving in Washington from the states of the northwest brings the information that farmers in those sections will have hard work in securing seed wheat with which to start next season's crops, and that the shortage is almost entirely due to the enormous exportation of wheat to Europe. Congress is being asked in bills before that body to remedy the condition which is the only way relief can be obtained.

The editor of the Pine River Sentinel is the proud father of a fourth heir to his estate, and in commenting on the occurrence states that he is considering very seriously the proposition of advancing the subscription price of his paper. Basing the newspaper price upon the size of one's family and increasing it as time rolls on and more plates have to be added to the dinner table is a new idea.

Now that we have winter weather enough snow to make good sleighing would be welcome and would be an inducement to an increase in business of all kinds. To the north of us a

fall of from six inches to a foot is reported but not enough to make work in the pines what the lumbermen desire.

Bro. Macdonald, of the St. Cloud Times, thinks that judging from the appearance of Montana's congresswoman there will not be much "fussing" in the House this winter.

A Red Cross Christmas stamp on your letters and parcels at this season of the year is an indication that you are doing your part in the cause of humanity.

Peace, as a Christmas present to the people of Europe, would be one of the greatest blessings that could be bestowed on any people. Will it come?

The law making body of the state will convene in regular session on the second day of January.

Pershing's Punitive Expedition in Rhyme

(By United Press)

Columbus, N. M., Dec. 16.—Life with Pershing's expedition in Mexico is by no means a giddy whirl. Neither is it a vacation "far from the madding crowd." Every officer, soldier and truck driver has tried to describe it. But it has remained for a dusky troubadour of the famous "Black Tenth" cavalry to put the daily life of the soldier into verse. At once the song jumped into favor and the whole expedition from Paloma to El Valle is singing it. As rendered by the "Twenty-fourth Machine Gun Company Quartette" it is:
First yo' take yo' rifle an' then yo' take yo' pack,
And yo' hike a cross de fields an' presume yo' comin' back,
Skirmish to de left and skirmish to de right,
An' mak' all de motions an' presume yo' goin' fight,
Den yo' gits a shovel an' a big ole pick,
An' spend de afternoon makin' 'dobe brick,
Very nex' morning it's de same ole thing,
An' yo' got seven years to do it in."

WILL FORWARD NOTE WITHOUT COMMENT

Washington, Dec. 16.—President Wilson has decided that the notes of the central powers proposing a discussion of peace to the entente allies will be sent forward by the American government acting as intermediary without any accompanying mediation offer of its own.
He has not determined whether any action in behalf of peace will be taken later by the United States on its own account, but is holding himself in readiness to serve in any way possible toward bringing the warring nations together.
The course to be pursued was made known after the president had conferred with Secretary Lansing and after a prolonged cabinet meeting.
It was said that the delay in forwarding the notes to the entente capitals was due to the fact that the messages received from Germany, Austria-Hungary, and Turkey, identical in substance, differed slightly in terminology as a result of different translations.

Mayors Discuss H. C. L.

New York, Dec. 16.—Means that may be adopted by municipalities to reduce the cost of living were considered in executive session here by a committee of mayors appointed by Cornelius F. Burns of Troy, president of the New York state conference of mayors. Boycott of staple food products is believed to be one of the most potent remedies.

Police Chief is Still Cleaning Up

(By United Press)

Detroit, Mich., Dec. 16.—James Couzens, Detroit's \$50,000,000 police chief, who is distributing his money at the rate of \$10,000 a year in bonuses for "the good of the service" is credited with working wonders with the force in his cleanup that started with his installation and is still under way.

Some say Ford taught Couzens the Ford standard of efficiency, others say that it was Couzens who taught it to Ford. In all events it is applied to the force. Couzens believes in discipline, the enforcement of every law on the books and in rewards for merit. His \$5,000 salary and \$5,000 additional out of his own personal fortune will go into these rewards yearly.

That Couzens system has worked in his own life is apparent when it is recalled that he started his commercial career as \$12 a week book-keeper in a Detroit coal office. Now \$50,000,000 is only approximate. Couzens doesn't know within a million or so, just what his wealth is.

Couzens was appointed just prior to the recent mayoralty campaign when the cry for a clean-up was strong. His first case was at the saloons which had been violating the closing hour law. "Obey the law," was his dictum and it went. The closing law is now faithfully obeyed.

Gamblers who belined closed doors, had been violating the law almost at will were "driven out and gambling joints closed.

"Blind pigs, organized under the guise of social clubs must go," was another dictum. Thirty of such places were closed at once and have not been reopened.

Couzens listened to thousands of protests when he forbade the parking of automobiles in downtown streets but he stuck to his guns saying: "we can't sacrifice the safety and convenience of the general public for the mere convenience of automobile owners."

His order still stands. Couzens is now driving into the social vice situation. He is expected to either eliminate all of the districts, sweeping the city clean of its immoral women or to establish a single, closely police district.

Couzens' philosophy on the bonus system is brief. "Honorable mentions written after an officer's name may be all right but a reward that will buy shoes for the children or pay the family doctor bill goes a bit further," he says.

WOULD GIVE HUSBAND TO GIRL

Chicago Wife Asks Aid of Court for Wronged Woman.

Chicago, Dec. 16.—Social workers in Chicago are attempting to solve the problem of Mrs. Paul Boyke, a saleswoman and wife of a laborer.

Mrs. Boyke appealed to the court of domestic relations to tell her if "it is all right to give up my husband to a girl he has wronged," explaining that she, Boyke and the girl have been living in the same home and that the girl is the mother of one of Boyke's children.

Court attaches told Mrs. Boyke it was against the principle of the court to advise her to break up her home, but "the matter would have to be left to the people of Chicago."

SLAYER GIVES HIMSELF UP

Seattle Man Kills Another Over Business Deal.

Seattle, Dec. 16.—Walking into the office of Chief of Police Buchanan shortly after noon, P. M. Stokes handed over a revolver and said: "I've killed Alexander Miller in the Mutual Life building."

When the police reached the office of Kaufman & Miller, Mr. Miller was found lying on the floor, dead.

Stokes said the trouble was over a business deal.

PLOT WITNESS FEARED DEATH

Bomb Plotter Thought German Spies Would Kill Him.

San Francisco, Dec. 16.—Fear of his life at the hands of supposed German spies caused him to tell his story to federal authorities. Louis J. Smith, the government's chief witness in its conspiracy suit against Franz Bopp, German naval general here, and six co-defendants, testified here.

Bopp and others are charged with conspiracy to violate American neutrality by blowing up munitions shipments in Canada in 1915.

DUMA SPURNS PEACE PROFFER

Russian Body a Unit in Refusing to Consider Proposal.

MUST DEFEAT ENEMY FIRST

Resolution Declaring Against Entering Into Negotiations Under Present Conditions Is Unanimously Adopted. Believe Foe Is Weakening.

PEACE NEWS IN BRIEF.

Russian Duma officially rejects German proposal. President Wilson decides to transmit peace offer to allies without comment. Kaiser, in address to troops in Alsace, tells of peace overtures. Arthur Henderson of British war council warns nation to be wary of Germany's offer.

London, Dec. 16.—A dispatch to Reuter's Telegram company from Petrograd says:

"The Duma unanimously passed a resolution against the acceptance of the German peace proposals, after a spirited speech by the minister of foreign affairs."

The text of the resolution as received here follows:

"The Duma having heard the statement by the minister of foreign affairs, unanimously favors a categorical refusal by the allied governments to enter, under present conditions, into any peace negotiations whatever.

Proof of Weakness.

"It considers that the German proposals are nothing more than fresh proof of the weakness of the enemy and a hypocritical act, from which the enemy expects no real success, but by which it seeks to throw upon others the responsibility for the war and for what happened during it, and to exculpate itself before public opinion in Germany."

"The Duma considers that a premature peace would not only be a brief period of calm, but would involve the danger of another bloody war and a renewal of the deplorable sacrifices by the people."

Must Crush Germany.

"It considers that a lasting peace will be possible only after a decisive victory over the military power of the enemy and after definite renunciation by Germany of the aspiration which renders her responsible for the world war and for the horrors by which it has been accompanied."

M. Pokrovsky in his speech to the Duma said: "To attempt at the last moment to profit by their feeble territorial conquest before their democratic weakness was revealed, that was the real meaning of the German proposal."

"In the event of failure, they will exploit at home the refusal of the allies to accept peace in order to rehabilitate the tottering morale of their populations."

"Our enemies deceive themselves with the vain hope that they will find among us men cowardly enough to allow themselves to be deceived. If only for a woman, by the lying proposals. That will not be. No Russian heart will yield."

West Virginia Gas Case Postponed.

Washington, Dec. 16.—The supreme court dismissed an appeal of the Manufacturers Gas Light company and other West Virginia gas companies against the West Virginia public service commission, in which the corporation questioned the power of the commission in fixing gas rates. This dismissal was at the request of the companies, which have made an agreement with the commissioners.

Ford Must Stand Trial.

Washington, Dec. 16.—Henry Ford's demurrers to the Navy league's \$100,000 libel suit based upon Ford publishing advertisements opposing military preparedness were dismissed in the district supreme court and the case will go to trial later on its merits. One of the grounds on which Ford demurred was that the publication was privileged, because he believed it to be true.

Iowa Town Is Fireswept.

Oskaloosa, Ia., Dec. 16.—One fireman was seriously burned, a heavy stable employe narrowly escaped suffocation and property valued at \$200,000 was destroyed by fire which broke out in a heavy stable here and spread until it had burned all the buildings within an area of a city square. Twenty-eight horses were destroyed.

Must Keep Them.

"Does he keep his promises?" "I guess so. I never heard of any body wanting to take them."—Detroit Free Press.

What He Made.

"How's business, old man? Been making anything lately?" "Yes; an assignment."—Boston Transcript.

First Evidence of New Blood Shown in Reorganization

(By United Press)

London, Dec. 16.—The first evidence of the injection of new blood in the French-British efforts through the cabinet reorganization is seen in the ultimatum to Greece and the French offensive. News from all sources continues to pile up evidence of a determination to wage war on the front, but it is quite likely that it will be July 1st when the big rash will be started. National movements of big importance that have been hanging fire for weeks are taking shape under Premier Lloyd-George, and the newspapers emphasize that Gen. Neville's push at Verdun is sufficient and fitting reply to the peace offer.

Austrian Ambassador is to Sail Today

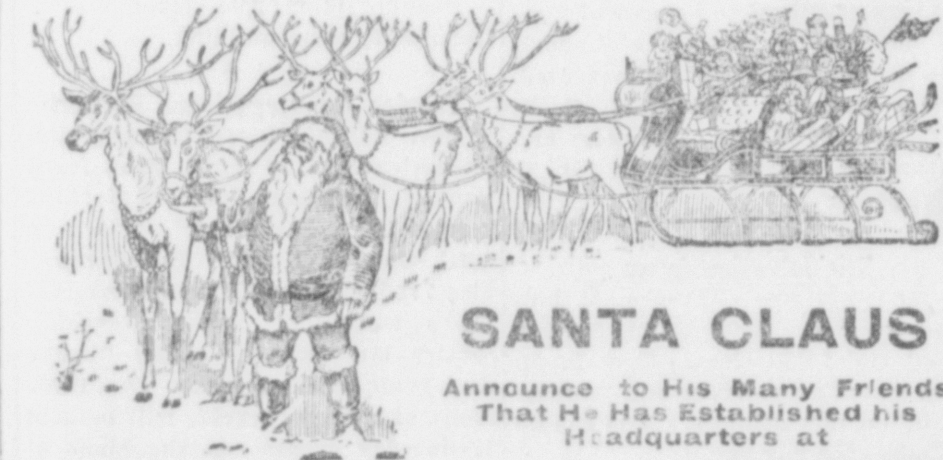

(By United Press)

Washington, Dec. 16.—Count Tarnowski, recently appointed Austrian ambassador to the United States to succeed Theodore Dumba, recalled, at the request of the United States for undiplomatic activity, is due to sail for New York today from Rotterdam on the Dutch steamer Nieuwe Amsterdam.

Immediately after Tarnowski's appointment Great Britain and France refused to grant him a safe conduct to the United States. It was generally believed this was a protest of Great Britain at what she considered the laxity of the United States in suppressing activity of England's enemies on United States soil.

The State Department immediately sent notes to Great Britain and France asking a reconsideration of the refusal and pointing out that it was the inalienable right of sovereign nations to exchange ambassadors. Great care was taken to make plain that the United States was making its representations solely as a matter of international right and was not seeking a favor.

Count Tarnowski was one of the active Central Powers diplomats at Sofia immediately preceding the entrance of Bulgaria into the war.

Quick Cold Relief

is usually found through the prompt administration of a mildly laxative, dispersive tonic—one that will scatter the inflammation, remove the waste, and help Nature to build up resistance.

Peruna is That Tonic.

Its action is prompt, usually very effective, and its use is without harmful effects. Every household should keep it at hand for this purpose, and every catarrhal sufferer should regularly use this reliable remedy.

The tablet form will be found very convenient. A tablet or two at the very beginning of a cold will frequently prevent its development, and these tablets may be taken regularly with beneficial results.

Starts Life Anew at Sixty.

Chicago, Dec. 16.—J. C. O'Connor, Joliet capitalist, whose failure in 1902 brought ruin to widows, orphans and aged men, will start life over at sixty on a \$60 a month job here. He is free from the penitentiary at Joliet after serving three years of an indeterminate sentence. He will join his wife at the home of relatives here.

Bandits Lost Indiana Bank.

Gary, Ind., Dec. 16.—Four armed bandits overpowered the cashier of the First State bank at Tolleston, a small town near here and escaped with almost \$1,000. Poses of citizens are searching the woods near Tolleston, where it was believed the robbers are surrounded.

Fatal Hotel Fire in Texas.

Cleburne, Tex., Dec. 16.—One unidentified man was killed, four persons were dangerously injured and several others slight hurt in a fire which broke out in the Cleburne hotel, inflicting damage to the three-story structure estimated at \$20,000.

Will inspect the Large Garages of the City of Chicago, Visit Detroit and Toledo

A visit combining business and pleasure and for the purpose of closing contracts for machines for 1917 delivery is the purpose of the party of Woodhead Motor Co. men which include John F. Woodhead, president of the Woodhead Motor Co., Charles Hoffman of the same company, G. W. Smith of the company and Charles Stradlbauer of the repair department. They will visit Toledo, Ohio, the home of the "Overland" and see how the car is made. Contracts will be made for next year's delivery.

"Sales of cars have increased 100 percent in Brainerd," said Mr. Woodhead. "In December we sold 11 Fords, very good business for this winter period. We also sold a Kissel truck and two Overlands."

At Detroit the Ford factory will be visited. At Chicago and other cities, the garages will be inspected and new methods of repairing studied.

Mr. Woodhead has promised the Dispatch reports while on their tour, and they will prove interesting to car owners and prospective owners of cars. Watch the Dispatch columns for Mr. Woodhead's stories. Toledo, by the way, looks like a convention city entertaining the numerous buyers showing up from all parts of the broad United States.

DULUTH HERALD SPECIAL NUMBER

"Duluth in Picture and Story" to be Produced by Herald Staff Headed by George Reid

TO SURPASS ALL EFFORTS

Mining, Agriculture, Lumbering, Docks, Elevators, Etc., to be Written Up

Brainerd, through its advertisers and through the efforts of George Reid, special writer of the Duluth Herald, secured valuable advertising in the Duluth Herald's special edition of four years ago. The Herald is now to issue a number which is expected to eclipse past efforts. In a letter to the Dispatch, Col. Wm. F. Henry, business and advertising manager of the Duluth Herald, writes:

Now that Duluth is having its most rapid as well as its most solid growth and that agricultural development in Duluth's territory is proceeding faster than ever before it is time for a big illustrated issue of The Duluth Herald to go broadcast over the country spreading the fame of Duluth and its greatness.

The last big issue of this newspaper May 26, 1913, was pronounced to be the best ever published in the Northwest. Circulation was sought as persistently as advertising. Tens of thousands of extra copies were sent by the people of Duluth to friends everywhere, resulting in the best publicity Duluth has ever had. Duluth and northern Minnesota received favorable comment in daily newspapers from coast to coast—advertising of incalculable value.

About this time four years ago we wrote to you describing Duluth, the City of Industry. You will recall that we carried out every promise made at that time, issuing the most profusely illustrated daily newspaper ever published, with no "hot air" and convincing the people at a distance.

The forthcoming issue will be entitled: Duluth in Picture and Story. Features will be panoramic pictures of Duluth and the steel plant. Other industries—mining, agriculture, lumbering, docks, elevators—public parks and buildings, wholesale and retail districts, and the residence sections will be pictured in profusion. We will endeavor to surpass our efforts of four years ago.

In its entirety, Duluth in Picture and Story will be produced by The Herald's own staff, headed by George Reid, a member of The Herald family for seven years. Mr. Reid had charge of the last big issue, which spoke for itself. As before every effort will be made to give Duluth in Picture and Story a circulation that will be country-wide.

We bespeak your co-operation in this matter.

BUILDING AND LOAN SOCIETY

Brainerd Citizens Perfecting the Organization of a Local Society

Brainerd citizens are taking steps to perfect the organization of a local building and loan association and at a meeting temporary officers were selected, being president, B. P. Nettleton; vice president, Erick Kronberg; secretary, E. J. Cook.

All are men of means and experience, especially Mr. Nettleton, who has been identified with several such associations. Mr. Kronberg owns large realty interests in Brainerd and Crow Wing county. E. J. Cook is the chief clerk in the general superintendent's office of the Northern Pacific railway shops. E. H. Husemann, contractor and builder of many houses in Brainerd, may also join the association.

"SWEDEN OF TODAY" LECTURE SUBJECT

Hon. M. Enderstedt, of Borus, Sweden, to Speak at Best Theatre on December 29

MOVING PICTURES TO BE SHOWN

Address at Swedish Lutheran Church Pleased Many and Prevailed Upon to Come Again

Hon. M. Enderstedt, of Borus, Sweden, member of the Swedish riskdag, will lecture in Brainerd at the Best theatre on Friday evening, December 29, giving an address on "The Sweden of Today" and showing moving pictures.

Mr. Enderstedt has a wide grasp of home and foreign affairs and is well qualified to speak of Sweden. He is the author of a paper in Sweden, the correspondent of 40 European and 30 American papers. He speaks half a dozen languages.

His address at the Swedish Lutheran church was so well received that he has promised to return to Brainerd and will be in the city December 29 at the Best theatre, which will give him the opportunity to address a large audience. On December 28 he will speak in Ironton.

REV. WHITE'S ADDRESS

(Communicated)

Last evening at the Seventh Day Adventist church, Evangelist Stemple White of Duluth, delivered a stirring illustrated address on "The Seven Seals," of the Revelation prophecy. With Bible in hand, from which he abundantly quoted and paralleling divine prophecy with indisputable facts of history he said in part:

"The revelation book is the divine time-table of human events which Jesus gave to the church thru John in vision of the Isle of Patmos. In several lines of symbolic prophecy the conflicts and trials of the gospel church were depicted in advance and all these great lines of Bible prophecy lead right up to the second personal coming of Christ. Revelation does not spell 'mystery' but 'revelation' and at the very beginning of the book Jesus pronounces a blessing on those who 'hear, read' and keep the sayings of the book, while in the last chapter He also warns men not to 'add to' or 'take from'."

"John beheld in the right hand of God a scroll book written within, but each of these seven consecutively rolled-up parchments were absolutely sealed."

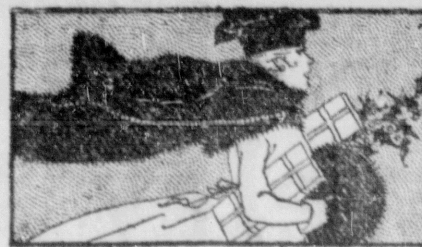

This seven sealed book contained the history of the church from the first to the second advent, and since no man can reveal the future, no man could open the book. 'A lamb as it had been slain' was prevailed upon to open the book, and as Jesus unrolled the seals one after the other John was asked to 'come and see.' There first appeared a white horse whose rider carried a bow in his hand and with a crown on his head, he went forth conquering. This well represents the glorious conquests of the apostolic church which went forth in all its purity of primitive Christianity preaching the word of God. Against unjust religious laws and bitter opposition of every kind, those spirit-filled, the unpopular preachers of the infallible written word of God carried the gospel to all the then-known world. Those who 'fought a good fight' and 'kept the faith' will, like Paul, receive a crown at the personal return of the Life Giver, when He comes to reward his saints.

"Apostasy long foretold, began to creep into the church soon after Paul's death. The bars were let down; unconverted pagans slipped into the church, taking heathen practices with them. Loss of spiritual power inevitably followed the rejection of Bible truth, and, ahorn of Holy Ghost power, the church began to appeal for state aid. So under the second seal, John beheld a red horse, whose rider carried a huge sword. These were the days of Constantine, and the deeper apostasy of church and state union which followed was represented under the third seal by a black horse whose rider carried balances, and as all history records, the papacy meted out penalties to the dissenters."

"Persecution is the logical result of church and state union, so no wonder that the Dark Age period in church history was symbolized by the pale horse of the fourth seal, on which death rode and hell followed. Then began the Reformation which started the divine program of calling the church out of Babylonian darkness of human dogma and pagan counterfeit in religion, back to the pure Bible teachings of Jesus Christ. My dear friends, take an inventory of yourself before God, and in the light of the Saviour's example and God's holy law, have you gotten clear out? or are you still circulating any counterfeit coin of the Kingdom?"

"Under the fifth seal, the beheaded souls from under the altar were represented as crying to God for vengeance, even as Abel's blood cried from the ground. These martyrs were told to 'rest yet a little while,' and when Jesus comes to resurrect the sleeping saints and to immortalize all the redeemed, the enemies of the gospel must ultimately perish."

"Under the sixth seal occurred the Lisbon earthquake (1755), the Dark Day and night of May 19, 1780, and the memorable meteoric shower of

Nov. 13, 1833. In Matt. 24, Jesus plainly declared that signs of His soon coming would be shown in sun, moon, stars, and distress of nations with perplexity. Blind indeed is the individual who scoffs at Jesus' own words, as did the ante-diluvians at Noah's messiah. Jesus is coming soon, whether you believe it or not.

"Under the seventh seal there was silence in heaven. Why? Because all the holy innumerable angels accompany the King of kings and lord of lords. They come to gather the saints. The bridegroom returns for the bride. What would you think of a woman who says to her absent husband, 'O John, I love you, but I hope you don't return in my day.' If the Caesars could be resurrected and tour the earth, how they would be lauded, banqueted, and 'written up.' When Jesus comes in great power and glory, the popular masses of earth will greatly deplore it all, and call to the rocks and mountains to cover them from the face of Him whose truth they have despised. But what a boon that day will mean to the true bride, the remnant commandment keep church! 'Prepare to meet thy God!'"

Tonight Evangelist Stemple White of Duluth, will speak on "The World War, its Real Cause and Meaning," in the light of Bible prophecy. A specially constructed map will be used, and much vitally interesting information will be presented. The lecture is free to all and begins at 8 o'clock. This will be held at the Seventh Day Adventist church.

MANY AIM TO KEEP WELL

Many Firms Take Advantage of the Opportunity and Pay for Examination of Their Force

Physicians throughout the state report that they were flooded with applicants for examination all the past two weeks.

The reason was this: December 2nd to 10th was Tuberculosis Week, and Wednesday the 6th was Medical Examination Day. Many were turned away, but one should not neglect to have his annual examination simply because he cannot be accommodated on an exact day or during a particular week.

People who find it inconvenient to be examined during December should plan on an examination during January. It will be well to make an appointment with the physicians ahead. Most of the physicians, particularly in the larger cities as the result of educational campaigns conducted by health organizations have been swamped with applicants. Many firms have taken advantage of the opportunity and paid for the examination of their entire force.

For all wide awake American families a complete physical overhauling annually with a thorough examination of the teeth semi-annually is becoming customary according to Dr. J. J. Murphy, of the Minnesota Public Health association. In a pamphlet entitled "How to Live" Dr. Murphy enumerates the advantage of periodical examinations. Copies of this pamphlet may be obtained free by writing the Minnesota Public Health association, Old Capitol, St. Paul, Minn.

AL FRANCES TO MEET KARHUNSAARI

Canadian Wrestler Scheduled to be Here December 22. Bout to be at the Opera House

THE FORFEITURES ARE PUT UP

If Karhunsari Defeats Frances, Local Man May Have a Chance to Meet Ketonen

According to reports of local wrestling fans, Brainerd is to be exceptionally fortunate in being able to see two men of ability meet on the mat at the Park opera house on Friday night, Dec. 22.

Al Frances, middleweight champion of Canada, has challenged Henry Karhunsari, a Brainerd wrestler, who claims the middleweight championship of Finland, to a match before Christmas, both men to weigh in at ring side at 158 pounds.

Karhunsari has accepted the challenge, and the date is set for the match to be held Dec. 22 at the Park opera house.

Managers of both principals have deposited forfeitures for non-appearance, and arrangements have been made satisfactory to both parties. Backers of Frances from St. Paul say they are coming to Brainerd with the one man that can get the best of the local man, and they are coming with plenty of money to back up their judgment.

Although Al Frances has an enviable record as a champion of the mat, the local fans know something of Karhunsari's ability in protecting himself and his title. Karhunsari up to the present time, has met 44 men in the U. S., and has the excellent record of having won 41 matches, and had three of them terminate in a draw. Therefore it looks as if the fellows from the cities were probably figuring on leaving some of their money in Brainerd, at least the Brainerd fans feel so about the result.

It is rumored among those that are in the know, that if the local man is able to get a decision over Frances, Ketonen the middleweight champion of the United States, will be willing to meet Karhunsari some time in January. That being the case local wrestling fans are assured of getting their money's worth on next Friday night. There are to be preliminaries between some future aspirants of the mat, before the main match begins.

No Incident?

It was the first anniversary of the "Nooodles" wedding day, and the good wife had prepared a special dinner in honor of the occasion.

"Priscilla," said Enoodles after the feasting was over, "that was the best meal I ever ate. You are worth your weight in gold."

"A year ago today, Claude," Mrs. Enoodles answered, "you told me I was worth my weight in diamonds."

"Did I? Well, dear, this is your first annual—er—revaluation." — Chicago Tribune.

Sloan's Liniment Eases Pain

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. RANGE I. W. W.'S PLEAD GUILTY

Three Admit Guilt in Killing of Deputy Sheriff Myron.

Duluth, Dec. 16.—Three of the eight persons indicted for the murder of Deputy Sheriff James C. Myron during the strike trouble at Biwabik July 3 appeared before Judge Cant in district court here and pleaded guilty to charges of manslaughter in the first degree. They were each sentenced to terms of not more than twenty years in the state penitentiary at Stillwater.

The prisoners who pleaded guilty are Philip Masonovich, Joe Cernogorevich and Joe Nicklich.

The murder charge against two others, one a woman, was dismissed and the defendants given their freedom. In the three remaining cases, which are those pending against the Industrial Workers of the World organizers, Carlo Tresca, Sam Scarlett and Joe Schmidt, continuances were ordered. These three were given their freedom in the meantime.

GOPHER EDITORS URGE PROBE

Editorial Association Asks Continuance of Federal Inquiry.

St. Paul, Dec. 16.—Finding the situation in regard to the supply of print paper for 1917 so serious as to threaten the existence of many newspapers, executives of the Minnesota Editorial Association have sent a telegram to Chairman George E. Hosmer of the legislative committee of the National Editorial association at Washington, advising him of the plan for state-owned paper mills in Minnesota to be presented to the next legislature and urging him to impress on the federal trade commission the urgent necessity of prosecuting the pending investigation until relief is procured.

CROP PRICES BREAK RECORDS

Total Value of 1916 Products Is \$7,641,609,000.

Washington, Dec. 16.—All records for value of the country's important farm crops were exceeded this year despite the smaller size of the crops. Their value was placed at \$7,641,609,000 by the department of agriculture in its final estimates of the year. That is \$1,759,000,000 more than the same crops were worth last year.

Higher prices, due partly to the demands for American food from the warring nations of Europe, were responsible for the vast increase in value.

EQUITY MEN SEEK CONTROL

Would Establish Giant Corporation in Eleven States.

Wausau, Wis., Dec. 16.—Efforts by so called radical members of the American Society of Equity to establish a giant corporation controlling the sale of farm products in eleven states, and the gradual extension of such control throughout the United States, after a day and night of heated debate, resulted in a compromise measure, referring the whole matter to a committee to report at the next annual meeting.

DAKOTAN KILLS NEIGHBOR

Welcomes Bride, Slays Homesteader and Flees.

Bismarck, N. D., Dec. 16.—Shortly after Leon Nash, a homesteader, thirty-five years old, had greeted his wife of six weeks on her arrival from Oregon, he shot and killed Clarence Hicks, his neighbor, in "Little Homestead" shack, the scene of another recent murder, on Black hill, ten miles from Robinson, according to a report from Steele.

Nash's motive is not known, Jacob Brantner, said to have been a witness, declared Nash entered the shack and told Hicks he must die. Hicks pleaded piteously for his life, he said.

Returning to his wife at Robinson, Nash told her he had killed Hicks. After bidding her goodbye, he fled and has not been captured.

ARCHBISHOP IRELAND.

Protests With Other Americans the Deportations of Belgians.

DEPORTATIONS ARE CALLED OUTRAGEOUS

New York, Dec. 16.—Vigorous expressions of indignation were voiced at a mass meeting held here to protest against the "enslavement of Belgians" by the German government.

The deportation of the Belgian populace was condemned in letters read from Theodore Roosevelt, Archbishop Ireland, Joseph H. Choate and Bishop Thomas O'Gorman of Sioux Falls.

Equally forceful were addresses delivered by Ethel Root, James M. Beck, former assistant attorney general of the United States; Alton B. Parker and the Rev. William T. Manning, rector of Trinity church, who presided. Resolutions were adopted urging the "government of the United States to assert with all its force the detestation with which American people regard these abuses, and to require the German government in the name of all neutrals to cease its policy of expatriation and slavery," and pledging "our utmost support to the administration in whatever way it may conclude to act."

Curious Courtship.

In the strange land of the Tarascan Indians in Mexico the visitor, after attaining something of a friendly footing, may still witness some of the equally strange practices which the first Spaniards observed. In courting the lover goes to the well where his beloved is accustomed to fill her water jar. He holds her shawl until she accepts him, and then with a stick he breaks the jar which she holds on her head and gives her a betrothal baptism of water.
